EDUCATION

University of California, Los Angeles (UCLA)	Los Angeles, CA
Bachelor of Science, Statistics & Data Science	June 2025
- GPA 3.90 - Relevant Coursework: Computational Statistics with R, Python and Other Technologies for Data Science, Statistical Models and Data Mining, Computation and Optimization for Statistics, Databases	
Saddleback College	Mission Viejo, CA
Associate in Science – Transfer, Mathematics	May 2023
- GPA 4.00 - Awards: Dean’s List 2022, Dr. Steve Sworder Memorial Mathematics Award	

VOLUNTEER EXPERIENCE

Grace of Jesus Christ Crusade	Paso Robles, CA
Audio Engineer	July 2014 – December 2017
- Selected from the church’s global A/V team of 120+ members to provide onsite training in Kaohsiung, Taiwan for 10+ new audio engineers to enhance support for venues accommodating up to 1,000 people. - Supervised 50+ recording sessions for the church, providing guidance and hands-on support for equipment setup, orchestration, arranging, recording, mixing, and mastering. - Composed, arranged, and produced 13 original compositions for the church, while refining processes to enhance recording efficiency, resulting in a 20% increase in overall production efficiency.	

PROJECTS

Comparebnb	December 2023
Lead Web Designer	
- Collaborated in a team of 6 to critique and publish research on socioeconomic impacts of Airbnb. - Architected and deployed the team's website under a strict 16-hour deadline, implementing full screen reader compatibility and achieving a perfect 0-error WAVE Evaluation score. - Link to project site: comparebnb.netlify.app/	
odspro Subs Workflow Database	July 2025
Personal Database Project	
- Designed normalized 8-table relational database system managing fansubbing workflows for 80+ episodes with automated metadata extraction using SQLite, R, and ffmpeg. - Analyzed production data using SQL queries and visualizations to identify workflow bottlenecks, improving process efficiency insights. - Link to GitHub repository: github.com/oliverdsiu/fansub-workflow-db
